

How to Access Consultations & Examinations in the event of Symptoms such as Fever etc.

- ① First, **consult a nearby medical institution** (your family physician etc) **by telephone.**
- ② If you do not have a family physician or are otherwise unsure who to call, please consult one of the “Exam/Consultation Centers”.
- ③ Please follow the guidance of the place you consulted (for example, being examined there or being introduced to another institution) and undergo examination.

- ※ Testing will be carried out if determined to be necessary by the Physician.
- ※ Those examination & testing medical institutions that requested public display are publically displayed on the official Gifu Prefecture website.
